THE COMPANY

For 30 years now, Living Advantage, Inc. has worked to give youth in foster care the support they need to grow into independent, successful, and well-adjusted adults. We aim to break the cycle of poverty, incarceration, and dependence on the welfare system, and specifically work to empower youth by generating a solid foundation through tutoring, mentoring, support and engagement.

LA, Inc. values each and every contribution to our cause, because it means you believe in supporting youth in foster care just as much as we do. You help our organization promote a plethora of services from which our youth will not only acquire a strong educational foundation and full access to vital resources and documents but a support system that is often lost by youth during this challenging time in their lives.

We are truly grateful for all partnerships made with our organization as we work to advance youth in foster care, and we look forward to establishing a lasting relationship with you.
