Dear Living Advantage, Inc.,

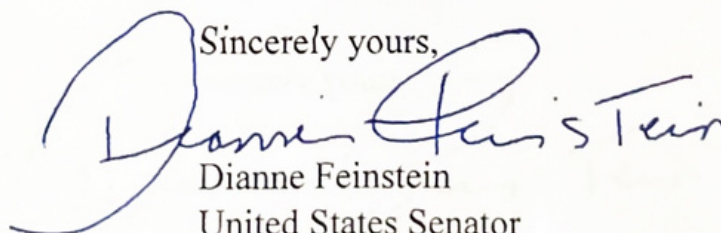

It is with great pleasure that I congratulate Living Advantage, Inc. for its 30th Anniversary.

Since its inception, Living Advantage, Inc. has dedicated itself to guiding at-risk youth towards the path of success. Its devotion to uplifting the needs of foster youth through educational support and life skills training is truly an inspiration to us all. There is no doubt that the work of Living Advantage, Inc. will continue to support the lives of countless youth for many years to come.

As your United States Senator representing the State of California, it is my distinct honor to commend Living Advantage, Inc. for its tremendous achievements and wish it the greatest success in all of its future endeavors.

Again, congratulations!

Sincerely yours,

Dianne Feinstein
United States Senator

THE COMPANY

For 30 years now, Living Advantage, Inc. has worked to give youth in foster care the support they need to grow into independent, successful, and well-adjusted adults. We aim to break the cycle of poverty, incarceration, and dependence on the welfare system, and specifically work to empower youth by generating a solid foundation through tutoring, mentoring, support and engagement.

LA, Inc. values each and every contribution to our cause, because it means you believe in supporting youth in foster care just as much as we do. You help our organization promote a plethora of services from which our youth will not only acquire a strong educational foundation and full access to vital resources and documents but a support system that is often lost by youth during this challenging time in their lives.

We are truly grateful for all partnerships made with our organization as we work to advance youth in foster care, and we look forward to establishing a lasting relationship with you.

SPONSORSHIP OPPORTUNITIES

SERVICES & PROGRAMS

eLOCKBOX

A high-secure web application that permanently stores vital life documents, such as birth certificates, social security cards, medical records, and school transcripts. On average, youth in foster care will move between 7 and 20 times, but with this patent-pending application, the odds of losing important documentation are reduced even after youth transition out of foster care.

LADPS

Designed to help youth in foster care graduate high school on time, Living Advantage Dropout Prevention Services (LADPS) provides personalized support for students in need of academic attention and educational enrichment. The LADPS provides tutoring, mentoring, and case management services, with a focus on:

- Improving grades and assessment scores in core curriculum
- Increasing school attendance & graduation rate
- Enrollment of higher education
- Access to needed resources and services

VALE

Virtual Assistant Living and Education (VALE) program promotes grade-level promotion and on-time graduation through monthly virtual workshops, helping youth engage with services and resources, as well as learn crucial life skills. This program paired with eLockbox and LADPS, is designed to give foster youth a solid foundation that enhance self-sufficiency to give them a better quality of life.

INTRO TO ROBO

Introduction to Robotics is a program aimed to engage foster youth with career opportunities in Science, Technology, Engineering, Arts, and Mathematics (STEAM). By stimulating awareness in education and career opportunities, youth gain more self-confidence and motivation to improve their school performance and career opportunities.
